Of Women and Misses' Tailored Suits, Coats, Skirts, Waists, Hats, Shoes, Corsets, Gloves, Hosiery, Underwear and Silk Petticoats.

TOMORROW we will place on sale a splendid collection of ladies and misses' ready-to-wear apparel that was recently secured in New York at prices far below cost to manufacturer. The mills were late in making deliveries and the manufacturer could not turn out the garments in time for orders. As usual we were on the spot with the cash to take up these propositions. This enables us to lead in underselling.

Ladies' Suits

These Suits show the very latest ideas of the fashion-dictators. The coats display the stylish long lines, are single breasted and have semi-fitted backs, notch collars, directoire pockets and plain or striped satin linings. The skirts are made on the new gored models, trimmed with an 8-inch fold gracefully narrowing up the sides and decorated with buttons. These suits are made of good materials. In all the leading shades.

SEATTLE WORLD'S FAIR BUILDINGS TAFT VICTORY IS COMPLETE**Will All Be Completed by the Time the Big Exposition Begins.**

Special Correspondence.
SEATTLE, Wash., Nov. 5.—On the first day of June, 1909, the gates of the Alaska-Yukon-Pacific Exposition at Seattle will open. Every building will be finished, every reasonable exhibit will be in place. Every road will be paved, every path laid out, every garden will be radiant with flowers. If the visitor comes on the last day or in August or on the opening day, he or she will find things the same. The promise of the officials of the exposition to break all previous records and thus establish a precedent will be realized. Seattle men feel that they must live up to the reputation of the city as a place that does big things and they are acting with characteristic promptness, energy and enterprise.

Three of the great permanent buildings which will be turned over to the University of Washington at the end of the fair are finished. A fourth will be completed by January 1st. The two main exhibit palaces, the Manufactures and Agriculture Buildings have been finished for several months. The Mining Palace and the Fisheries Building are ready, the hospital and the Fire Station have been in use for months. The power plant is ready to start up. Oregon finished her palatial building in September. California will have her immense building completed by January 1st. The Washington State Building, which will be permanent, is going up rapidly. Contracts have been let with a time limit of February for the Arctic Brotherhood, Forestry and Women's buildings. The United States Government commissioners are prepared to rush work and have the buildings ready two months before the opening. The other buildings to be erected can be run up in two to three months.

The site, 250 acres of virgin forest, has been cleared and graded. Roads and paths have been laid out. The central court of honor with its beautiful cascades and geyser basin is completed. Acres of lawn are coated with a heavy turf of refreshing green. The Sunken Gardens are finished. Miles of sewers, water mains and electric conduits have been laid, all permanent work for the University. Contractors will soon start laying asphalt over the eleven miles of streets and walks. Several miles of cinder paths winding through the virgin forest, through beautiful glens and shady nooks are ready.

The green houses which have been in operation for two years have over a million plants including 250,000 rose bushes ready for transplanting. The decorative features of the exposition will be one of the most distinctive parts of the brilliant show. The roses, the festoons of vines that are found everywhere, the acres of green lawn, the giant firs and cedars will rest the eyes and visitors will not wonder that Washington is called the Evergreen State.

PROMISES**To Leave the City Pay Fines of Five Men in Police Court.**

Promises to leave the city at once were exacted from five defendants in police court at the regular session which was conducted by Mayor E. J. Wood this morning and their sentences were suspended upon that condition. Each was fined \$4.60 for drunkenness but none possessed that amount of money. They gave their names as O. F. Matheny, M. Greaves, E. J. Pickett, William Schultz and Mike Conner. V. Costen, who conducts a restaurant on Pike street, was fined \$6.60 for throwing a cigar clipper at a customer. A fellow by the name of Montgomery, who was arrested for drunkenness, forfeited a put-up fine of \$6.60. John Maxwell and Charles Swager were acquitted of charges of drunkenness and discharged.

TAFT THANKS BRYAN.

CINCINNATI, O., Nov. 5.—Taft's reply to the message of congratulation from Bryan follows: "I thank you sincerely for your cordial and courteous telegram of congratulation and good wishes."

FIRE IS PUT OUT BY STANDARD FIRE EXTINGUISHER.

The Standard fire extinguisher, for which Alex Hall is the local agent, proved its worth Thursday when it put out a fire of boxes and trash in the rear of the mayor's office that had accidentally caught fire. The contents of a single extinguisher was thrown into the blaze and put it out promptly.

J. H. Atkins, of Parkersburg, claim agent for the Baltimore & Ohio, is in the city.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

NEW YORK, Nov. 4.—Wm. H. Taft was elected President, and James S. Sherman Vice-President, after one of the most remarkable campaigns in the history of the Republic.

Return received indicates that Taft has at least 298 electoral votes, and as the details come in increasing numbers from the west, it begins to look as if it might reach the 300 mark. Chairman of the election board, Elton Cook, or possible even approximately 338 achieved in 1904 by Roosevelt the number necessary to a choice is 212.

With thirty-one United States Senators to be elected by the legislatures chosen yesterday or earlier in the fall and in the light results of several states so far as known early today, the republicans retain their control of both houses of congress, the precise figures being subject to change as the final returns arrive.

Bryan's chief strength seems to have been in the middle west. One eastern state about which there seemed doubt at the opening of today's tidings is Maryland. West Virginia is also in doubt with the probabilities favoring Taft. If Maryland and West Virginia should both turn out to be Bryan states Taft would still have 291 electoral votes. On the other hand of the states which at the outset of the day generally placed in Bryan column several were subject to counter claims, many disputes leaving doubt as to Colorado, Montana and Nebraska.

The News indicated however that all these will go to Bryan. On the basis facts known at 8 o'clock this morning the states carried by Taft are as follows: California, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, Wisconsin and Wyoming. Electoral vote of these states total 291. Other states except Maryland and West Virginia which are in doubt, are put in the Bryan column states carried. These total 177 electoral votes.

CINCINNATI, Nov. 3.—The returns today indicated that Taft had carried Ohio by a plurality of fifty thousand and that Harmon, Democrat, had a clear lead for Governorship. However Republican leaders have not given up but still claim the election of Harris, although no figures given.

INDIANAPOLIS, Nov. 4.—According to the latest estimate Taft carried Indiana by about fifteen thousand and Marshall, Democrat, was elected Governor by about eight thousand. The legislature is in doubt. The Congressional representation of this state will probably be seven Democrats and six Republicans.

FULL WEEK**Is This Proving to Be at the African Methodist Episcopal Church.**

Rev. Dr. West, the new pastor and his active people at First's Chapel A. M. E. church on South Chestnut street, are starting off with their year's work with a boom and the present week is a busy week for them. The week really began with the three Sabbath services conducted by the new presiding elder of the Clarksville district, the Rev. J. Harris Accoe, D. D., who preached two most excellent sermons on that day. Monday and Tuesday were used as preparation days for the remainder of the busy week. Wednesday night a farewell reception was given to the outgoing pastor, Rev. G. T. Smith, and his wife. This was in the church auditorium and consisted of addresses, music, etc., followed by a luncheon in the church dining room. Thursday night the choir will give a Leap Year social, a novel feature of which will be that the ladies will go after and escort the gentlemen to the church and do all the honors of the evening.

Friday night will be choir practice and formal induction of the new pastor, Rev. Dr. West, into the pastorate, which will be newly furnished for his comfort and convenience. A successful year is predicted for the church.

The General Demand
of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
